iPad Education Summit

13 & 14th May 2019

The annual Think Ahead iPad summit is a unique learning experience that brings together educators, sharing tested integration strategies.

Local and international thought leaders facilitate practical workshops, inspirational keynotes and challenging dialogues.

From iPads, to Inquiry Based Learning, to Augmented Reality, Inclusion and Coding: the summit is the ideal event to learn, connect, share and be inspired.

For all grades, subjects and integration levels.
