

The Microsoft - ISASA Partnership

Prepare your learners for the workplace: get the best of Microsoft Office for your school

ISASA and Microsoft have partnered to enable ISASA member schools to purchase Windows devices and Office 365 at the best possible prices.

Before buying any new devices, Microsoft has gladly assisted the ISASA schools with a programme called **Shape the Future** which ensures that you get real value on your procurement of certain Windows 10 based devices.

Did you know that all ISASA member schools are entitled to:

- Discounted price on Windows 10 devices for your school administration, teachers and learners
- Free Office 365 and Office Pro-Plus for your school administration, teachers and learners
- Discounted Microsoft Education desktop licensing
- Free Minecraft Education Edition when ISASA member Schools buy Windows 10 Pro devices. T&Cs Apply

just by being an ISASA member school?

To get more information about the device offering contact: ISASA@Microsoft.com

and

announce the **Shape of the Future Initiative**
What does that mean to you?

The School

- Installs the latest education desktop software at a reduced licence fee
- The school is now able to connect to a variety of devices
- The school will give parents access to pre-negotiated devices pre-loaded with Windows 10
- Teachers are able to provide personalised learning
- Works in a private and secure environment
- Teachers are able to collaborate individually or in groups with students

Students

- It comes with free access to Office 365 Pro Plus for students
- Students have a choice of devices for every learning style and need
- Parents enjoy the discount of prescribed compatible devices
- Your child gets an equal opportunity in the classroom
- Students get identity login and malware protection
- Students are able to explore, as part of a group or individually with their teachers

Education Empowered

What Windows makes possible

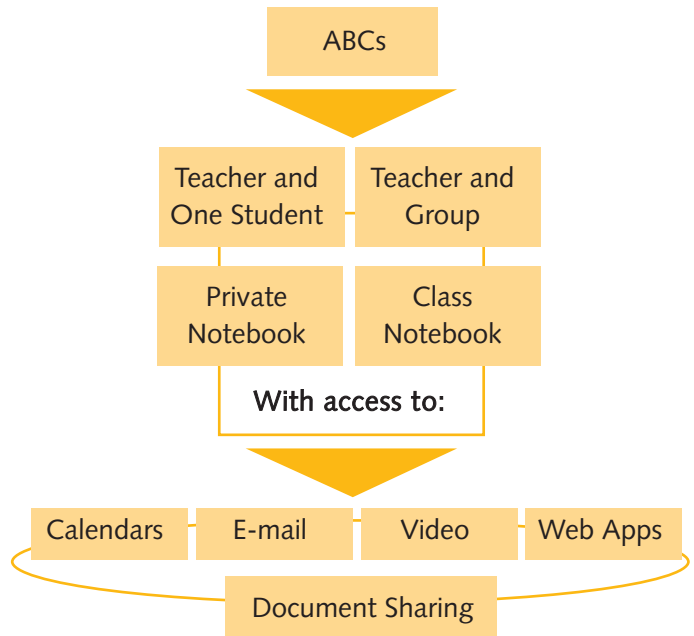

Any style of learning on a choice of device throughout your school life and into tertiary achievement

Which connect to:

Printers	Cameras	Digital Microscopes
The www	Flash Websites	Digital Textbooks

From:

Our philosophy is to provide technology tools for both students and teachers to enhance the learning and teaching experience with a focus on student success outcomes.

TEN reasons to choose a Windows device:

1. They are designed for ALL LEARNING METHODS	Suitable for every learning style and need; whether inputting through pen, voice, touch or gesture, students are able to interact more naturally with a Windows device
2. Top in CLASS ASSISTIVE LEARNING TECHNOLOGY	Teachers can provide personalised learning for learners and give them an individualised and inclusive experience
3. WINDOWS INK	Windows Ink enables the quick capture of notes and the creation of checklists that will show up across all your devices
4. A PLATFORM FOR ALL AGES AND GRADES	Learners become familiar with a platform that they can use to learn their ABC (on Endless Alphabet) – and compose their dissertation
5. DEPLOYMENT MADE EASY	Windows 10 provides easy deployment of devices – and in-place upgrades
6. SAFEST WINDOWS EVER	Protect your learners' and your teachers' privacy and security. New and improved tools for data and identity protection and protection against malware
7. COLLABORATIVE LEARNING across all devices	Teachers and learners can work on the same documents at the same time across different devices in the same classroom or far apart
8. Gets things done FASTER!	Multi-task and synthesise quickly – using Snap Assist, virtual desktops and Task View
9. Super COMPATIBLE	Windows is compatible with the widest range of devices in the classroom: connect to printers, cameras, digital microscopes and more
10. FREE products and services	Microsoft offers a wide range of free products and services for teachers and learners

Microsoft in Education
